NextGen Genomics & Bioinformatics Technologies (NGBT) Conf from  
17th -19th Nov.'14, at NIMHANS, [#Bangalore](#)

7:14 PM - 7 Nov 2014

This is the fourth international conference being co-hosted with a national institute partner by SciGenom Conferences, the educational outreach arm of SciGenom Research Foundation (SGRF), setup to promote Science education and Research in India/Asia-Pacific region. The 2014 conference will showcase and promote applications of Next-Gen sequencing and genomics technologies for basic studies to translational work all areas of biology including human genetics, drug discovery, clinical medicine, biomarkers, diagnostics, animal science and agriculture. The conference will also feature a bioinformatics workshop, a proteomics workshop and expanded sessions on cancer signaling
