MedGenome India appoints Girish Mehta as CEO

*Our Bureau, Bengaluru**Thursday, November 19, 2015, 13:30 Hrs [IST]*

MedGenome Labs, the leader in clinical genomics in India, has announced the appointment of Girish Mehta as its chief executive officer for India.

Girish Mehta has previously served as CEO of Oncquest Laboratories Private Limited (Oncquest) and Piramal Diagnostic Services Private Limited. An alumnus of IIT Mumbai and IIM Kolkata, his leadership experience spans across all key sectors of healthcare including pharmaceuticals, diagnostic services, diagnostic instrumentation and consumables, medical consumables and hospitals.

"I am pleased to welcome Girish Mehta as CEO of MedGenome India. He has extensive experience in growing specialized businesses in healthcare and leading a fast-paced organisation," said Sam Santhosh, chairman, MedGenome.
