Bangalore : MedGenome Labs Private Limited today announced the appointment of Girish Mehta as its Chief Executive Officer for India.

Mr Girish Mehta has previously served as CEO of Oncquest Laboratories Private Limited (Oncquest) and Piramal Diagnostic Services Private Limited. An

alumnus of IIT Mumbai and IIM Kolkata, Girish's leadership experience spans across all key sectors of healthcare including pharmaceuticals, diagnostic services, diagnostic instrumentation and consumables, medical consumables and hospitals.

"I am pleased to welcome Girish Mehta as CEO of MedGenome India. He has extensive experience in growing specialized businesses in healthcare and leading a fast-paced organization" said Mr Sam Santhosh, Chairman, MedGenome.
